Program Goals

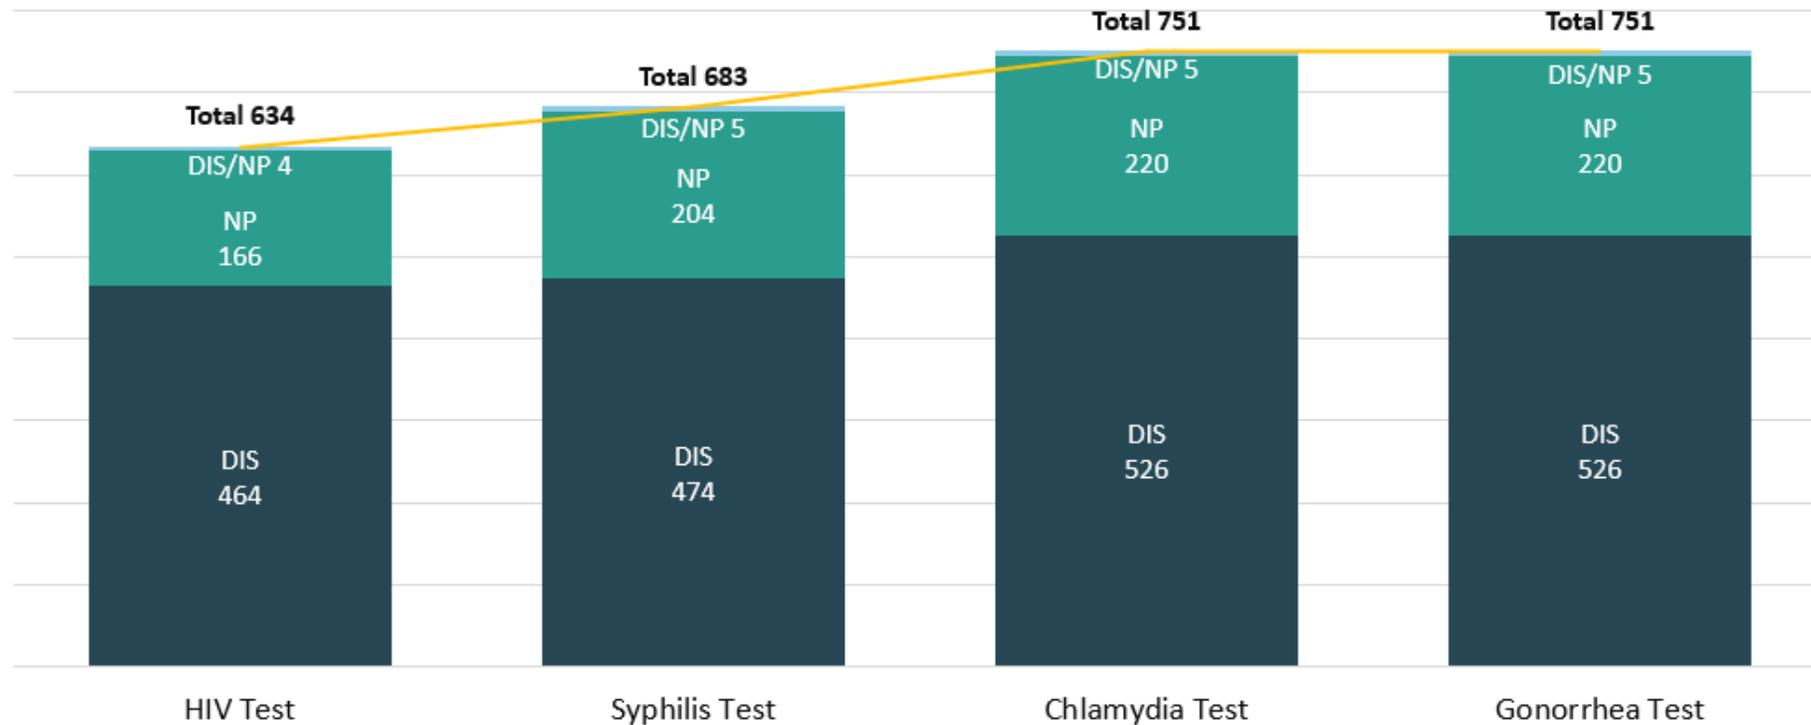

- Reduce rates of HIV and STI in Snohomish County by disrupting transmission in the community.
 - Partner/Exposure Notification
 - Expedited Partner Therapy (EPT)
 - Testing
 - Referral

[A Day with a DIS \(youtube.com\)](https://www.youtube.com/watch?v=...)

Data

STI DIS have performed 71% of over 2,800 STI screening and follow-up testing at the STI Clinic (Jan-Aug 2024)

DIS = Disease Intervention Specialist **NP** = Nurse Practitioner **DIS/NP** = Both DIS and NP **Yellow line** = Total tests performed

My DIS Story

Next Steps

- Maximizing Resources with Clinic
- Upgrading Space
- Increasing Outreach
- Strengthening Partnerships
