- Pertussis, and
- Opioid epidemic

### **Briefings**

*Ordinance BOH25-02 Clarifying Unplumbed Espresso Stand Operation in Snohomish County (SR 25-010; Tony Colinas)*

A briefing regarding unplumbed espresso stand operations was provided at the January Board of Health special meeting. Since that time, two ordinances have been drafted to address the 2022 changes in the Washington State Retail Food Code that repeals the section that allows these unplumbed espresso stands to operate. This Ordinance BOH25-02 specifically provides a variance for continued operations of current unplumbed operations moving forward and provides the most business-friendly approach.

*Ordinance BOH25-03 Addressing Unplumbed Espresso Stand Variance Application Fees (SR 25-011; Tony Colinas)*

This Ordinance BOH25-03 specifically addresses the changes needed for the fee schedule and in relation to Ordinance BOH25-02.

*Sexually Transmitted Infections Clinic 2025 Summary (SR 25-012; James Lewis)*

Epidemiologist Miyuki Blatt and STD/HIV Program Supervisor Lisa Roberts presented on the STI clinic and disease investigation work performed by the health department.

*2025 Washington Legislative Update (SR 25-005C; Dennis Worsham)*

Mr. Worsham provided an update on the legislative process happening at the state level.

Ordinance BOH25-02 Clarifying Unplumbed Espresso Stand Operation in Snohomish County  
(SR 25-010B; Ragina Gray)

---

**Division:**

Environmental Health / Ragina Gray, Director

**Prior Board Review:**

January 21, 2025, March 11, 2025

---

**Background**

The Board of Health received a briefing in March 2025 regarding this ordinance and there have been no revisions to the ordinance since then.

On March 1, 2022, revisions to the Washington State Retail Food Code (chapter 246-215 WAC) went into effect, including the repeal of WAC 246-215-09180, which had allowed unplumbed espresso stands to meet the requirements necessary to obtain an operating permit. The repeal resulted in over 70 of these facilities in Snohomish County falling out of compliance with the updated food code. The Health Department has been working to address concerns from these affected permit holders.

The food safety program will now require all unplumbed espresso stands to apply for a variance from the current version of the Washington State Retail Food Code, specifically plumbing requirements. A variance is a written authorization issued by the Health Department that allows for modifications or waivers of one or more requirements, provided the alternative plan proposed by the applicant does not pose a health hazard or nuisance.

To capture these changes, Ordinance BOH25-02 is intended to reorganize Title 3: Food Safety. It introduces new sections that clarify its intent, enhance understanding, and set the stage for future code expansions. Another key addition is a new definition section, which will define "unplumbed espresso stands." These stands are a type of food establishment not currently defined in the Washington State Retail Food Code. They are characterized as a food establishment operating in a movable building or structure, that lack permanent plumbing, and offer a limited menu.

**Board Authority**

RCW 70.05.060 (3) Enact such local rules and regulations as are necessary in order to preserve, promote and improve the public health and provide for the enforcement thereof.

**Recommended Motion**

**MOVE TO approve Ordinance BOH25-02.**

Description

- ▢ Ordinance BOH25-02 - Reorganizing and Adding New Sections to Chapter 3.05 of the Board of Health Code

SNOHOMISH COUNTY BOARD OF HEALTH  
Snohomish County, Washington

ORDINANCE NO. BOH25-02

REORGANIZING AND ADDING NEW SECTIONS TO CHAPTER 3.05 OF THE  
BOARD OF HEALTH CODE

WHEREAS, the Snohomish County Board of Health has supervision over all matters pertaining to the preservation of the life and health of the people of Snohomish County under the authority granted in Chapter 70.05 RCW; and

WHEREAS, under RCW 70.05.060(3) the Snohomish County Board of Health has authority to enact such local rules and regulations as necessary in order to preserve, promote, and improve the public health and provide for the enforcement thereof; and

WHEREAS, unplumbed espresso stands, a type of food establishment, are not defined in state rules and regulations and no longer comply with the plumbing requirements set forth in the current version of the Washington State Retail Food Code found in Chapter 246-215 WAC; and

WHEREAS, in order to define an unplumbed espresso stand, a new definition section will be added to Chapter 3.05 of the Snohomish County Board of Health Code; and

WHEREAS, introducing a new section to Chapter 3.05 of the Snohomish County Board of Health Code requires reorganization to accommodate this change and allow for future code expansions; and

WHEREAS, the Snohomish County Board of Health recognizes that previously permitted unplumbed espresso stands are in operation in Snohomish County and believes that such should be addressed in the Snohomish County Board of Health Code as they are no longer recognized in Chapter 246-215 WAC; and

WHEREAS, the Snohomish County Board of Health has determined that reorganizing and updating the existing food safety regulations under Title 3 of the Snohomish County Board of Health Code is necessary to effectively communicate the local rules and regulations to the people of Snohomish County;

NOW, THEREFORE, BE IT ORDAINED:

Section 1. Snohomish County Board of Health Code Chapter 3.05, adopted by Ordinance No. BOH24-02 on June 11, 2024, is amended to read:

Ordinance BOH25-03 Addressing Unplumbed Espresso Stand Variance Application Fees (SR 25-011B; Ragina Gray)

---

**Division:**

Environmental Health / Ragina Gray, Director

**Prior Board Review:**

January 21, 2025, March 11, 2025

---

**Background**

The Board of Health received a briefing in March 2025 regarding this ordinance and there have been no revisions to the ordinance since then.

On March 1, 2022, revisions to the Washington State Retail Food Code (chapter 246-215 WAC) went into effect, including the repeal of WAC 246-215-09180, which had allowed unplumbed espresso stands to meet the requirements necessary to obtain an operating permit. The repeal resulted in over 70 of these facilities in Snohomish County falling out of compliance with the updated food code. The Health Department has been working to address concerns from these affected permit holders.

The food safety program will now require all unplumbed espresso stands to apply for a variance from the current version of the Washington State Retail Food Code. This change is proposed in Ordinance BOH25-02. Variance applications typically require a fee, but given the circumstances of this repeal, these could be waived to avoid penalizing permit holders.

Ordinance BOH25-03 is intended to address the inequity of imposing a variance fee on unplumbed espresso stands that were legally operating before March 1, 2022. It amends the fee schedule to direct readers to the newly created section (SCBHC 1.40.046). This section allows the variance application fee to be waived for unplumbed espresso stands and provides criteria and clarifications, including that a new owner of any existing unplumbed espresso stand would be required to either pay the variance application fee or bring the stand into compliance with plumbing requirements. Unplumbed espresso stands without a current permit would be ineligible for a variance to plumbing requirements.

**Board Authority**

RCW 70.05.060 (7) Establish fee schedules for issuing or renewing licenses or permits or for such other services as are authorized by the law and the rules of the state board of health: PROVIDED, That such fees for services shall not exceed the actual cost of providing any such services.

RCW 70.05.060 (3) Enact such local rules and regulations as are necessary in order to preserve, promote and improve the public health and provide for the enforcement thereof.

**Recommended Motion**

**MOVE TO approve Ordinance BOH25-03.**

Section 2. A new section is added to Chapter 1.40 of the Snohomish County Board of Health Code to read:

**1.40.046 Variance application for unplumbed espresso stands.**

An owner of an unplumbed espresso stand, as defined under SCBHC 3.05.050, that was legally operating on or before March 1, 2022, is not required to pay an application fee when seeking a variance from plumbing requirements listed in chapter 246-215 WAC. Only one variance fee shall be waived for each unplumbed espresso stand eligible under this section. When an unplumbed espresso stand having a current annual food service establishment permit is sold or otherwise transferred to a new owner, the new owner shall either apply for and obtain a variance from the department with payment of any applicable application fees or plumb the stand as required by code to

A NEW SECTION TO CHAPTER 1.40

1 continue operation. Unplumbed espresso stands without a current annual food service  
2 establishment permit are ineligible for a variance to plumbing requirements.

3  
4 This variance application fee will only be waived for variance applications submitted to  
5 the department on or before December 31, 2026. Any application submitted after  
6 December 31, 2026, shall be subject to the variance application fee established in  
7 SCBHC 1.40.040.

8  
9 Section 3. No applications for new unplumbed espresso stands will be accepted  
10 by the Snohomish County Health Department after the adoption of this ordinance.

11  
12 Section 4. Severability. If any provision of this ordinance or its application to any  
13 person or circumstance is held invalid, the remainder of the ordinance or the application  
14 of the provision to other persons or circumstances is not affected.

---

**Background**

April 7- 13, 2025 has been designated as National Public Health Week and this year's theme is "It Starts Here." The annual celebration began in 1995 and is sponsored by the American Public Health Association. National Public Health Week provides the opportunity for special attention paid to the efforts of public health officials who are dedicated to improving the public's health.

During the week, we celebrate the power of public health by highlighting programs and services provided by the Department that contribute to a strong public health system.

## Snohomish County Board of Health

**WHEREAS**, the week of April 7-13, 2025, is National Public Health Week and the theme is “It Starts Here;” and

**WHEREAS**, since 1995, National Public Health Week has educated the public, policymakers, and public health professionals about issues important to improving the public’s health; and

**WHEREAS**, Washington state governmental public health is rooted in three main functions of assessment, policy development, and assurance and is a shared state and local responsibility, which for Snohomish County includes the Washington State Board of Health, Washington State Department of Health, Snohomish County Board of Health, Snohomish County Health Department, and Tribes; and

**WHEREAS**, the Washington Tracking Network identifies the four leading causes of death in Snohomish County for 2023, in order, as cancer, heart disease, unintentional injury, and Alzheimer’s disease; and

**WHEREAS**, in 2024 the Snohomish County Health Department created new dashboards providing information and increased transparency to the public, including a respiratory illness dashboard; and

**WHEREAS**, in 2024 the department trained 826 residents on how to maintain their on-site septic system and awarded 731 rebates for the inspection, repair and maintenance of their systems; and

**WHEREAS**, in October 2024 the department convened its first countywide multidisciplinary adult overdose fatality review team consisting of thirty-nine individuals from twenty-one different agencies or departments to form a deeper understanding of system gaps or missed opportunities, and to formulate recommendations to prevent future deaths; and

**WHEREAS**, in January 2025, the department convened the first countywide Snohomish County Coalition for Falls Prevention and Education (SCOPE) which has grown to more than fifty community partners focused on the prevention of falls and promotion of lifelong well-being; and

**WHEREAS**, since opening a sexually transmitted infection (STI) clinic in December 2023, the Health Department is now the fifth leading STI diagnostic clinic in the county; and

**WHEREAS**, there is a significant decrease in health status among persons who are more likely to face social drivers that negatively impact health, such as racism, poverty, adverse childhood experiences, transportation barriers, and lack of economic opportunity; and

**WHEREAS**, the environmental health division works ensure the food, water and environment of Snohomish County are safe from health threats such as disease, pollution, pests, and other hazards; and

**WHEREAS**, the prevention services division works with communities to prevent disease such as pertussis, measles, and lead poisoning, promote healthier choices, and increase access to services; and

**WHEREAS**, the Snohomish County Health Department works to prepare, respond to, and recover from the impacts of emergencies such as from disease outbreaks, environmental hazards, and natural disasters; and

**WHEREAS**, sustainable support of local public health can, together with health care systems, create a system focused on preventing disease and injury and promoting wellness.

**NOW THEREFORE, BE IT RESOLVED** that the Snohomish County Board of Health proclaims the week of April 7 through April 13, 2025, to be Public Health Week in Snohomish County and encourages residents to observe this week by celebrating the value of public health in improving the quality of life for all its communities.

*ADOPTED this 8th day of April 2025.*

Ordinance BOH25-04 Regarding Administrative Appeals and SEPA Appeals (SR 25-014; Hailey Fagerness)

---

**Division:**

Environmental Health / Hailey Fagerness, Healthy Communities Specialist

**Prior Board Review:**

None

---

**Background**

This is an ordinance that amends section 1.20 in the Snohomish County Board of Health Code (SCBHC), which covers the right of appeals. There are two key changes: amending what Health Department actions are considered appealable and adding language for appealing determinations issued under the State Environmental Policy Act (SEPA).

Amending what actions are appealable

Ordinance 24-04 amended section 1.20.020 – Applicability – What may be appealed to state that: *“Any aggrieved person may appeal an administrative decision, determination, or order made by the Health Officer or a Health Department official in the administration, interpretation, or enforcement of the Health Code subject to the appeal procedures in this chapter.”* However, it has since been determined that intermediate enforcement actions were not intended to be appealable actions. In order to streamline the appeals process, Ordinance BOH25-04 clarifies that “final” decisions, determinations, and orders are appealable. Intermediate letters would not be considered appealable as a result of this change.

Appealing determinations issued under SEPA

SEPA is a state law that requires local governments to review environmental impacts that may result from a governmental action, such as issuing permits or adopting regulations. For Health Department activities, these reviews are most common in the issuance of solid waste permits for facilities, although this is a somewhat rare occurrence.

There is a defined process in the state law for appealing SEPA-related determinations, but the Health Department appeals procedure is not in compliance with this process. However, Chapter 30.61 of the Snohomish County Code has established processes for environmental reviews under SEPA and the requirements of this chapter apply to all actions of Snohomish County and its departments.

Therefore, Ordinance BOH25-04 adds an exception to the current SCBHC appeals procedure for determinations issued under SEPA. When the Health Department is acting as the lead agency under SEPA, the appeals provisions in chapter 30.61 of the Snohomish County Code would apply

instead of the standard SCBHC appeals process.

**Board Authority**

RCW 70.05.060 (3) Enact such local rules and regulations as are necessary in order to preserve, promote and improve the public health and provide for the enforcement thereof.

Description

- ▣ Ordinance BOH25-04 - Amending Section 1.20 of the Board of Health Code

SNOHOMISH COUNTY BOARD OF HEALTH  
Snohomish County, Washington

ORDINANCE NO. BOH25-04

RELATING TO ADMINISTRATIVE APPEALS AND SEPA APPEALS; AMENDING  
CHAPTER 1.20 OF THE SNOHOMISH COUNTY BOARD OF HEALTH COUNTY

WHEREAS, under RCW 70.05.060(3) the Snohomish County Board of Health has authority to enact such local rules and regulations as necessary in order to preserve, promote, and improve the public health and provide for the enforcement thereof; and

WHEREAS, revisions to chapter 1.20 of the Snohomish County Board of Health Code are necessary to clarify that only final administrative decisions, determinations, and orders are appealable; and

WHEREAS, appeals of decisions made by the Health Department under the Washington State Environmental Policy Act (SEPA), chapter 43.21C RCW, must comply with the appeal requirements of that law; and

WHEREAS, adoption by reference of the County's SEPA provisions found in chapter 30.61 of the Snohomish County Code ensures that SEPA-specific appeal requirements are provided for in the Board of Health Code;

NOW, THEREFORE, BE IT ORDAINED:

Section 1. Snohomish County Board of Health Code Section 1.20.020, last amended by Ordinance No. BOH24-04 on October 8, 2024, is amended to read:

**1.20.20 Applicability – what may be appealed.**

Any aggrieved person may appeal ~~((an))~~ a final administrative decision, final determination, or final order made by the Health Officer or a Health Department official in the administration, interpretation, or enforcement of the Health Code subject to the appeal procedures in this chapter. To the extent there is a conflict between the appeal procedures in this chapter and those provided in state law or state regulations, the procedures in state law or state regulations shall govern. For purposes of this chapter, the appealable actions listed in this section are referred to as a "decision."

Section 2. Snohomish County Board of Health Code Section 1.20.050, adopted by Ordinance No. BOH23-01 on October 10, 2023, is amended to read:

**1.20.050 Appeal procedure – General Information**

A. The appeal process shall consist of a step one appeal and a step two appeal.

B. A step one appeal shall be an administrative review conducted by the responsible Health Department Division of a final decision, final determination, or final order listed in SCBHC 1.20.020.

C. A step two appeal shall be a review of a step one appeal decision issued by the Department under SCBHC 1.20.060(E) and shall be conducted by the Hearing Examiner under the ((~~procedures~~)) provisions in chapter 2.02 SCC.

D. Exception for SEPA appeals. The appeals process provided for in this section shall not apply to an appeal of any decision issued by the department under the State Environmental Policy Act (SEPA). Chapter 30.61 SCC, *Environmental Review SEPA*, adopted by reference as currently exists or subsequently amended, shall apply to all appeals of the department's SEPA decisions including threshold determinations or any appeal challenging the adequacy of an environmental impact statement. An appeal of a SEPA decision associated with an underlying decision, determination or order of the department shall be combined with an appeal of the underlying decision, determination or order and considered together at a combined hearing to be conducted by the hearing examiner under Chapter 30.61 SCC

Section 3. Severability. If any provision of this ordinance or its application to any person or circumstance is held invalid, the remainder of the ordinance or the application of the provision to other persons or circumstances is not affected.

2025 Washington Legislative Update (SR 25-005D; Nicole Thomsen)

---

**Division:**

Office of the Director / Nicole Thomsen, Public Affairs & Policy Manager

**Prior Board Review:**

1/21/25, 2/11/25, 3/11/25

---

**Background**

Wednesday, April 2 is the next legislative cutoff. This is for bills to be voted out of the opposite chambers policy committee. As of April 1, 2,249 bills have been filed.

Budget is the main focus of the past several weeks. Though all budgets - capital, transportation, and operating - have been released, public health is focused on the operating budget:

- Operating budgets from both chambers are public with the process now in concurrence (both chambers must come to agreement on one budget versus the current two). HB 1198 & SB 5167 What we know about the budget:
  - Both budgets are predicated on a multi-billion-dollar reduction in spending, focus on funding K-12 education, and revenue enactments.
  - Foundational Public Health Services are pretty much maintained at current levels in both budgets. The numbers are not the same - House vs. Senate. It appears that the House FPHS recommendation will be taken:
    - General Fund contribution: \$146,091,000 for both '26 and '27
    - FPHS account spending authorization: \$32,048,000
    - TOTAL: \$324,230,000 for the biennium
  - Snohomish STI Clinic Funding - Senate budget
    - 2026: \$689,000
    - 2027: \$689,000
- A new omnibus bill focused on a flavor ban and tobacco/vape tax has been introduced (HB 2068 & SB 5803). This omnibus bill combines several concepts proposed from other bills into one. Highlights of this bill:
  - Implements a flavor ban in 2027
  - Enacts several taxes estimated to generate ~\$150M per year

On the policy side:

- HB 1531: The communicable disease education bill is in Rules waiting to be pulled for floor consideration.
- HB 1946: Concerning Tribal representation on the Board of Health is also in Rules waiting to be pulled for floor consideration.
- SB 5163: This bill seeks to modernize the child fatality rules. This bill is now in Senate Ways &

Means awaiting public hearing.

- HB 5030: This bill aims to increase access to education by providing waived fee for obtaining birth certificates to those meeting income requirements. This bill is now in House Appropriations for a public hearing on April 4.

We are also beginning to have bills pass both chambers and sent to the Governor for signature. Key bills for us that are on their way for final signature:

- SB 5244 - Providing an exemption for women, infants, and children program staff to perform hematological screening tests.
- SB 5577 - Concerning Medicaid coverage for HIV antiviral drugs.
